Docket No. 98N-1265 4/20/99 APR 27 AIO:11
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am very opposed to the FDA restricting my rights
as a U.S. Citizen to be able to receive whatever type of medications
I use, including my natural hormone replacement therapy.
It is my choice as a woman to choose the type of hormone therapy I
desire which I currently receive from the Madison Pharmacy. Madison's
hormone replacement program has made my life "normal" again!
I will soon be re-locating from WI to MN. I need the assurance
that I will always be able to get my natural hormones.
(I believe from what I have read & by the recommendation of
my physician that I should not ever use Synthetic hormones.)
U.S. Citizens must continue to have full control of all
aspects of their health care!

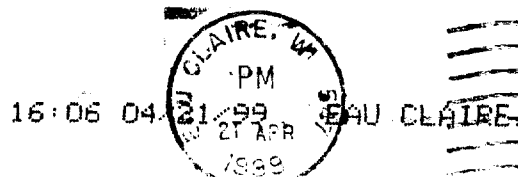

Sincerely,
Diane Heumann
